Our attitude towards tourism and instruction is based on trust and esteem for each person, as well as honesty in all situations. We offer you qualified support, corresponding to your expectations. Given our excellent standards we instruct privately and groups are limited to 6 people.

Our long experience and personalized instruction will give you confidence, enhance your skiing pleasure and improve your skills regardless of your current level. Your safety is our first priority, whether on groomed trails or on “off-piste” slopes*.

For you, your children or a group of friends, we are looking forward to help you to improve your skills, to reach a goal or to push your limits. We can make suggestions on how to train physically and how to prepare you for the new ski season.

**In Switzerland, only ski instructors with the highest Swiss qualification (BBT) and federal permission can take clients off pist*

We are based in Crans-Montana and Zermatt and we can arrange any trip corresponding to your needs.

Crans-Montana is a sunny resort well situated in the heart of the Valais and is as well an ideal starting point for day trips and for longer trips.

Zermatt is internationally known for its car-free alpine village, its large and exceptional ski area connected with Italy and its iconic summit, the Matterhorn. We will guide you for your personal safety to discover groomed trails and “off-piste” slopes* at those beautiful resorts.
